ARBOR DAY PROCLAMATION.

Lieutenant and Acting Governor Cox has issued the following Arbor Day proclamation:

"I, William H. Cox, Acting Governor of the Commonwealth of Kentucky, do designate Friday, April 17th, A. D. 1908, as Arbor Day.

"Tree planting, as is well known, is the object for which this day was established and it certainly is an object that should inspire in its behalf interest on the part of every public-spirited citizen of this Commonwealth. Tree planting is a valuable public improvement as well as a beautifier. Its neglect by past generations, the devastation and destruction of numerous mountain forests as well as of woodland for purposes of private gain, has alarmed the Government authorities, who are taking vigorous measures toward practical methods of restoration.

"I recommend that Arbor Day be considered a holiday in all the schools that the school authorities take this occasion to beautify the grounds about the school buildings by the planting of trees. The county school superintendents are respectfully requested to publish this proclamation throughout their respective counties, and to encourage the teachers to take an active interest in the day.

"I invite the authorities of every city and town in the State to look into the tree question in their respective communities, and to take steps toward the proper observance that will address itself to their minds.

"Done at the Executive office this first day of April, nineteen hundred and eight.

"Witness my hand and the Great Seal of the Commonwealth.

"WILLIAM H. COX,
"Acting Governor.

"BEN L. BRUNER,
"Secretary of State."

HOPE HE WILL SUCCEED.

Postmaster Geo. L. Barnes has returned from a trip to Washington City in the interest of the people of this city and county. Among the things he is trying to obtain are the enlargement to the postoffice, so that his force may have better facilities for handling the mail; the addition of another Rural Route, going out the Bald Knob pike to Bailey's mill, returning by the Flat Creek pike; and the carrying of a mail pouch to Versailles over the Interurban Line, so as to make quick mail connections with Versailles and Lawrenceburg. As it is at present, it frequently takes two days for a letter to go from this city to either of these cities, which are only fourteen miles away.

We earnestly hope Mr. Barnes may succeed in his efforts.

Weakened His Nerve.

"And he is your 'steady'?" asked the girl from the candy kitchen.

"He was my 'steady' until he asked for my hand," laughed the pretty mill girl, "and then he was very unsteady. I was hiding behind the curtain and he looked like he needed several braces to hold him up."

ALMOST COMPLETE IS THE TUBERCULOSIS ANNEX.

The tuberculosis annex of the City Hospital is now almost completed, says the Louisville Times, and will be occupied within the next week. The furniture for the annex has arrived and is now being placed in the structure, a one-story frame adjoining the main building on the west side.

The annex will relieve the crowded condition at the institution. Because of the congestion the officials of the City Hospital have found it necessary to remove a number of patients to other hospitals in the past two months.

Large Loon Captured.

When returning to his home on the South Side on Thursday night, during the heavy rain and windstorm, just as he reached the center of the St. Clair street bridge, Mr. Murray Brawner was surprised to see a big loon, such as abound on the Mississippi river and contiguous lakes) fly squarely against one of the steel uprights of the bridge and fall to the floor of the bridge stunned. Mr. Brawner secured the fowl, took it home, where it soon revived. It is about the size of a common goose.

It was evidently driven up the Kentucky river by the storm.

Good printing and moderate prices is our hobby.
